

# WELCOME TO YOUR ROSE LINEAGE GODDESSES ORACLE DECK

Welcome. You did not find this deck by accident.

This oracle was created as a companion for reflection, intuition, and self trust. There is no right or wrong way to use these cards. They are not here to predict your future or to speak over your own inner knowing. They are here to help you listen to it.

Take a breath. You already know more than you think.

## PREPARING YOUR DECK

Before your first reading, take a quiet moment with the cards.

You may wish to:

Hold the deck in your hands

Shuffle slowly

Set a simple intention, such as “I am open to clarity” or “Show me what I need to see today”

Some people like to cleanse their deck with moonlight, smoke, or sound. Some do not. Follow what feels natural to you.

Your relationship with the deck matters more than any ritual.

## ASKING QUESTIONS

Oracle cards respond best to open, compassionate questions.

Instead of: “What is going to happen?” or “Am I making a mistake?”

Try:

“What energy is surrounding this situation?”

“What am I being invited to understand right now?”

“What would support me today?”

If a question feels tight or fearful, soften it. The cards meet you where you are.

## A SIMPLE DAILY PRACTICE

Shuffle the cards while focusing on your breath.

Ask, “What message do I need today?”

Draw one card.

Sit with the imagery and words before reaching for interpretation.

Notice what you feel in your body. Notice what memories, emotions, or thoughts arise. These responses are part of the message.

You may wish to journal or simply reflect quietly.

# THREE CARD SPREAD: PAST, PRESENT, INVITATION

This is a gentle and versatile spread.

Card 1: What has shaped this moment

Card 2: What is present now

Card 3: What is being invited or supported

Lay the cards left to right. Read them together as a story, not as isolated answers.

## INTERPRETING THE CARDS

There is no single correct meaning for any card.

Start with:

Your first emotional response

Symbols or figures that stand out

Words or phrases that resonate

Trust your intuition. Your lived experience is a valid lens.

Oracle work is a conversation, not a test.

## WHEN A READING FEELS UNCOMFORTABLE

Sometimes a card brings up resistance, sadness, or uncertainty.

This does not mean something bad is coming.

Often, it means something tender is asking for attention.

If a message feels overwhelming, step away. Return later. You are always in control of how and when you engage.

## A CLOSING NOTE

This deck was created with care, time, and intention. More importantly, it was created to meet you where you are, not where you are told you should be.

Trust yourself. Move at your own pace. Interpret meaning in your own way.

Thank you for welcoming these cards into your life.
